Euro 8,000,000,000 Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”), Gecina (the “**Issuer**” or “**Gecina**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 8,000,000,000 (or its equivalent in other currencies).

This Base Prospectus constitutes a base prospectus for the purpose of Article 8 of Regulation (EU) 2017/1129 of 14 June 2017 as amended or superseded (the “**Prospectus Regulation**”). This Base Prospectus received the approval number 22-226 on 17 June 2022 from the *Autorité des Marchés Financiers* (the “**AMF**”) and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority in France pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made for Notes to be issued under the Programme for a period of twelve (12) months from the date of the approval granted by the AMF on this Base Prospectus to be admitted to trading on the regulated market of Euronext Paris (“**Euronext Paris**”) and/or any other regulated market as defined in the Directive 2014/65/EU on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities Market Authority (“**ESMA**”) (each such market being a “**Regulated Market**”) situated in a Member State of the European Economic Area (“**EEA**”). The Notes issued under the Programme may also be listed on an alternative stock exchange or market, or may be unlisted. The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not an application will be made for such Notes to be listed and/or admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and/or admitted to trading.

The minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Regulation will be €100,000 (or its equivalent in any other currency at the issue date), or such higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any laws or regulations applicable to the relevant Specified Currency (as defined in “Terms and Conditions of the Notes – Interest and other Calculations”).

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be (i) in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes – Form, Denomination(s), Title and Redenomination”) including Euroclear Bank SA/NV (“**Euroclear**”), and the depository bank for Clearstream Banking S.A. (“**Clearstream**”) or (ii) in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in “Terms and Conditions of the Notes – Form, Denomination(s), Title and Redenomination”), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either in an account maintained by the Issuer or by the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the books of an Account Holder designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest or talons attached on or after a date expected to be on or about the fortieth (40th) calendar day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined in “General Description of the Programme”) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

At the date of this Base Prospectus, the Programme is rated A- (senior unsecured debt) by S&P Global Ratings Europe Limited (“**S&P**”) and A3 (senior unsecured debt) by Moody’s Investors Service (Nordics) AB (“**Moody’s**”). The long term debt of the Issuer is currently rated A- (with stable outlook) by S&P and A3 (with stable outlook) by Moody’s. Each of S&P and Moody’s is established in the European Union, registered under Regulation (EC) No 1060/2009, as amended (the “**CRA Regulation**”) and included in the list of registered credit rating agencies published on the European Securities and Markets Authority’s website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with CRA Regulation. Notes issued under the Programme may, or may not, be rated. The rating of the Notes, if any, will be specified in the relevant Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer or the Programme. The ratings of the Notes, if any, are expected to be endorsed by S&P Global Ratings UK Limited and Moody’s Investors Service Ltd, in accordance with Regulation (EC) No 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (the “**UK CRA Regulation**”). As such, the ratings to be issued by S&P and Moody’s may be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

This Base Prospectus, any supplements to this Base Prospectus, the documents incorporated by reference herein and, so long as any of the Notes are admitted to trading on a Regulated Market of the EEA, the Final Terms will be published on the website of the AMF (www.amf-france.org) and on the website of the Issuer (www.gecina.fr).

See “**Risk Factors**” for a discussion of certain factors which should be considered by prospective investors before deciding to invest in any of the Notes issued under the Programme.

The date of this Base Prospectus is 17 June 2022

This Base Prospectus (together with all supplements thereto from time to time), including the Documents Incorporated by Reference (as defined below), contains all necessary information concerning the Issuer, the Issuer and its consolidated subsidiaries taken as a whole (the “Group”) which is material to an investor for making an informed assessment of the assets and liabilities, profits and losses, financial position, and prospects of the Issuer, the rights attaching to the Notes, the reasons for the issuance and its impact on the Issuer. This Base Prospectus including the Documents Incorporated by Reference (as defined below) and the terms and conditions of the Notes to be issued under the Programme, together with supplements to this Base Prospectus from time to time (each a “Supplement” and together the “Supplements”) constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. In relation to each Tranche (as defined herein) of Notes, the Base Prospectus must be read in conjunction with the relevant Final Terms.

This Base Prospectus is to be read in conjunction with all documents which are incorporated by reference (the “Documents Incorporated by Reference”) and may only be used for the purpose for which it has been published.

Other than in relation to the documents which are deemed to be incorporated by reference (see the section “Documents Incorporated by Reference”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus (including for the avoidance of doubt any information on the websites which appear in the documents incorporated by reference) unless that information is incorporated by reference in the Base Prospectus and has not been scrutinized or approved by the AMF.

No person is or has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any of the Dealers (each as defined in the section “General Description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. For a description of these and certain further restrictions on offers and sales of Notes and the distribution of this Base Prospectus, see “Subscription and Sale” below. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THE NOTES MAY INCLUDE MATERIALISED NOTES IN BEARER FORM THAT ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS. SUBJECT TO CERTAIN EXCEPTIONS, NOTES MAY NOT BE OFFERED, SOLD OR, IN THE CASE OF MATERIALISED NOTES IN BEARER FORM, DELIVERED, WITHIN THE UNITED STATES TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT (“REGULATION S”)), OR IN THE CASE OF MATERIALISED NOTES IN BEARER FORM, UNITED STATES PERSONS (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED). THE NOTES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO NON-U.S. PERSONS IN RELIANCE ON REGULATION S.

This Base Prospectus does not constitute an offer of, or an invitation or solicitation by or on behalf of the Issuer, the Arranger or any of the Dealers to subscribe for or purchase, any of the Notes.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU on markets in financial

instruments (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II product governance rules under EU Delegated Directive 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID regulated entity and does not qualify as a distributor or a manufacturer under the MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, the Issuer is not a UK MiFIR regulated entity and does not qualify as a distributor or a manufacturer under the UK MiFIR Product Governance Rules.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution (as amended or superseded, the “IDD”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT - PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement the IDD, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other information supplied in connection with the Programme (including any information incorporated by reference) is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme (including any information incorporated by reference) should purchase the

Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

Purchasers and sellers of the Notes may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

Neither the Arranger nor any of the Dealers makes any representation as to the suitability of any Green Bonds, (as defined herein), including the listing or admission to trading thereof on any dedicated "green", or other equivalently-labelled segment of any stock exchange or securities market, to fulfil any green criteria required by any prospective investors. The Arranger and the Dealers have not undertaken, nor are they responsible for, any assessment of the eligibility criteria for eligible green assets, any verification of whether the eligible green assets meet such criteria or the monitoring of the use of proceeds of any Green Bonds (or amounts equal thereto). Neither the Arranger nor any of the Dealers makes any representation as to the suitability or contents of the Green Bond Framework and the Second Party Opinion.

Credit ratings

One or more independent rating agencies may assign ratings to the Notes. The ratings assigned to the Notes by the rating agencies are based on the Issuer's financial situation but take into account other relevant structural features of the transaction, including, inter alia, the terms of the Notes, and reflect only the views of the rating agencies. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Notes. The ratings address the likelihood of full and timely payment to the Noteholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. Such ratings may not continue for any period of time or may not be reviewed, revised, suspended or withdrawn entirely by the rating agencies as a result of changes in or unavailability of information or if, in the rating agencies' judgement, circumstances so warrant. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those on the offered Notes.

Independent Review and Advice

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Conflict of interest

Certain of the Dealers, the Calculation Agent and their respective affiliates have engaged, and may in the future engage, in lending, advisory, investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business out of which conflicting interests may arise. In that respect, where there is a lending relationship between the Issuer, one or several Dealers, the Calculation Agent or their respective affiliates, it cannot be excluded that all or part of the proceeds of any issue of Notes be used to repay or reimburse all or part of such loans.

In addition, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Whilst they will, where relevant, have information barriers and procedures in place to manage conflicts of interest, they may in their other banking activities from time to time be engaged in transactions involving an index or related derivatives.

For the purposes of this paragraph "*Conflict of interest*" the term "affiliates" includes parent companies.

See Condition 6 “Terms and Conditions of the Notes – Redemption, Purchase and Options”.

Residual Maturity Call Option:	<p>If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may redeem the Notes, in whole or in part, at the Principal Amount of the Notes so redeemed together with interest accrued thereon to, but excluding, the date fixed for redemption, at any time or from time to time during the period starting on (and including) the Residual Maturity Call Option Date (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.</p> <p>See Condition 6(e) “Terms and Conditions of the Notes – Redemption, Purchase and Options – Residual Maturity Call Option”.</p>
Clean-up Call Option:	<p>If a Clean-up Call Option is specified in the relevant Final Terms, in the event that at least the Minimum Percentage (as specified in the relevant Final Terms) of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer will have the option to redeem all, but not some only, of the remaining Notes in that Series at their principal amount together with any interest accrued to the date fixed for redemption.</p> <p>See Condition 6(j) “Terms and Conditions of the Notes – Redemption, Purchase and Options – Clean-up Call Option”.</p>
Redemption by Instalments:	<p>The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.</p>
Early Redemption:	<p>Except as provided in “Optional Redemption”, “Residual Maturity Call Option” and “Clean-up Call Option” above, Notes will be redeemable at the option of the Issuer prior to their stated maturity only for tax reasons, as set out in Condition 6 - see “Terms and Conditions of the Notes – Redemption, Purchase and Options”.</p>
Taxation:	<p>All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.</p> <p>If French law should require that payments of principal, interest or other revenues in respect of any Note, Receipt or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will (subject to certain limited exceptions), to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required.</p>
Interest Periods and Interest Rates:	<p>The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information (except the method of calculation) will be set out in the relevant Final Terms.</p>
Fixed Rate Notes:	<p>Fixed interest will be payable in arrears on the date or dates in each year specified in the relevant Final Terms.</p>

Floating Rate Notes:

Floating Rate Notes will be payable in arrear and will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the definitions set out in the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the relevant FBF Technical Schedules, each as published by the *Fédération Bancaire Française*; or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating either the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (“**ISDA**”), or the latest version of the 2021 ISDA Definitions, as published by ISDA, as specified in the relevant Final Terms, each as published by the International Swaps and Derivatives Association, Inc. (or any successor) on its website (<http://www.isda.org>) and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series; or
- (iii) by reference to EURIBOR, €STR or CMS Rate or any successor rate or any alternative rate, in each case as adjusted for any applicable margin, subject to (except with respect to €STR) Condition 5(c)(iii)(D) - “Terms and Conditions of the Notes – Interest and Other Calculations – Interest on Floating Rate Notes – Rate of Interest for Floating Rate Notes (*Benchmark discontinuation*)”.

Interest periods will be specified in the relevant Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both, provided that in no event will the relevant interest amount be less than zero.

Benchmark Discontinuation:

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and, potentially, the application of an adjustment spread, which could be negative or positive). See Condition 5(c)(iii)(D) - “Terms and Conditions of the Notes – Interest and Other Calculations – Interest on Floating Rate Notes – Rate of Interest for Floating Rate Notes (*Benchmark discontinuation*)” for further information.

Inverse Floating Rate Notes:

Inverse Floating Rate Notes will bear interest at a Fixed Rate minus a Floating Rate.

Fixed to Floating Rate Notes:

Fixed to Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes:	Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest (other than in the case of late payment).
Redenomination:	Notes issued in the currency of any Member State of the EU which will participate in the single currency of the EU may be redenominated into Euro, all as more fully provided in “Terms and Conditions of the Notes – Form, Denomination(s), Title and Redenomination” below.
Consolidation:	Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 13 - see “Terms and Conditions of the Notes – Further Issues and Consolidation“.

Initial Delivery of Materialised Notes:	On or before the issue date for each Tranche of Materialised Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depository for Euroclear and Clearstream or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer(s). The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

The Final Terms relating to Notes admitted on any Regulated Market in accordance with the Prospectus Regulation will be published, so long as such Notes are admitted to trading on Euronext Paris, on the websites of (a) the AMF (www.amf-france.org) and (b) the Issuer (www.gecina.fr).

Reg. §1.163-5(c)(2)(i)(C) or any successor regulation issued under Code section 4701(b) that contains rules identical to the rules that currently apply under Code section 163(f)(2)(B) (the “**C Rules**”) or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Rating:

At the date of this Base Prospectus, the Programme is rated A- (senior unsecured debt) by S&P Global Ratings Europe Limited (“**S&P**”) and A3 (senior unsecured debt) by Moody’s Investors Service (Nordics) (“**Moody’s**”).

The long term debt of the Issuer is currently rated A- (with stable outlook) by S&P and A3 (with stable outlook) by Moody’s. Notes issued under the Programme may, or may not, be rated. The rating of Notes, if any, will be specified in the relevant Final Terms.

Each of S&P and Moody’s is established in the European Union, registered under Regulation (EC) No 1060/2009, as amended (the “**CRA Regulation**”) and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with CRA Regulation. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer or the Programme. The ratings of the Notes, if any, are expected to be endorsed by S&P Global Ratings UK Limited and Moody’s Investors Service Ltd, in accordance with Regulation (EC) No 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (the “**UK CRA Regulation**”). As such, the ratings to be issued by S&P and Moody’s may be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “**Masse**”).

The *Masse* will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through collective decisions of the Noteholders (the “**Collective Decisions**”). If and for so long as the Notes are held by a sole Noteholder, such Noteholder shall exercise all

powers, rights and obligations entrusted to the *Masse* by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of Articles L.228-71, and R.228-69 of the French *Code de Commerce* and as amended and supplemented by Condition 11 (*Representation of Noteholders*).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes to be issued under the Programme.

Factors which the Issuer believes are specific to the Issuer and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the factors described below and in the documents incorporated by reference represent the principal risks that may affect the Issuer's ability to fulfil its obligations under or in connection with Notes to be issued under the Programme.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including the relevant sections of any documents incorporated by reference herein and the relevant Final Terms) and reach their own views prior to making any investment decision. They should consult their own financial and legal advisers about risks associated with investment in a particular series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

In each sub-category below the Issuer sets out first the most material risks, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Terms used but not defined in this section will have the same meaning given to them in the "Terms and Conditions of the Notes".

RISK FACTORS RELATING TO THE ISSUER

The risk factors relating to the Issuer and its activity are set out in particular in pages 44 and 45, 100 to 116 of the 2021 Universal Registration Document which is incorporated by reference to this Base Prospectus, as set out in the section "Documents Incorporated by Reference" of this Base Prospectus.

RISK FACTORS RELATING TO THE NOTES

1 Risks related to legal issues regarding the Notes

French insolvency law

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *Ordonnance*, applicable as from 1 October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders), as well as secured and unsecured receivables, shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 11 of the Terms and Conditions will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decision taken by a class of affected parties, could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Modification of the Terms and Conditions of the Notes

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse*, and a General Meeting can be held or a Written Resolution can be implemented (all, as defined in Condition 11). The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting or did not consent to the Written Resolution or Noteholders who voted in a manner contrary to the majority. Noteholders may through Collective Decisions deliberate on proposals relating to the modification of the terms and conditions of the Notes subject to the limitations provided by French law. If a proposal is duly adopted through such a Collective Decision and such modifications were to impair or limit the rights of Noteholders, this may have a negative impact on the market value of the Notes.

By exception to the above provisions, Condition 11(d)(iii) of the Terms and Conditions provides that the provisions of Article L.228-65 I. 1°, 3° and 4° of the French *Code de commerce* (respectively (i) providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer, (ii) providing for a prior approval of the Noteholders in relation to any proposal to merge or demerge the Issuer only to the extent that such proposal relates to a merger or demerger with another entity of the Group and (iii) providing for an issue of bonds benefiting from a security (*sûreté réelle*)) shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

2 Risks related to the structure of a particular issue of Notes

2.1 Early Redemption Risks

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated and the Noteholders may lose part of their investment

The Final Terms for a particular Series of Notes may provide for early redemption at the option of the Issuer (including the Make-Whole Redemption provided in Condition 6(d) of the Terms and Conditions of the Notes, the Residual Maturity Call Option provided in Condition 6(e) and the Clean-up Call Option provided in Condition 6(j)). Such right of redemption is often provided for notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of redemption increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. This could have a significant effect and part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

In particular, with respect to the Clean-up Call Option, there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform Noteholders if and when the Minimum Percentage (such Minimum Percentage being specified in the relevant Final Terms in the context of each issue of Notes, and which may therefore be higher or lower depending on the relevant Series) of a particular Series of Notes has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

Risk related to the liquidity of the Notes subject to early redemption

Exercise by the Noteholders of the Restructuring Put Option (in accordance with Condition 6(g)(i)) in case of a Restructuring Put Event or the Put Option (provided in Condition 6(g)(ii)) in respect of certain Notes may affect the

liquidity of the Notes of the same Series in respect of which such options are not exercised. Depending on the number of Notes of the same Series in respect of which the Restructuring Put Option or the Put Option, is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become less liquid or illiquid.

The Make-Whole Redemption (provided in Condition 6(d)) and the Residual Maturity Call Option (provided in Condition 6(e)) are also exercisable in whole or in part. If the Issuer decides to redeem the Notes in part, such partial redemption shall be effected by reducing the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed. The exercise of such options by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Redemption for taxation reasons

Unless in the case of any particular Tranche of Notes where the relevant Final Terms specify otherwise, in the event that, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date of the relevant Notes, the Issuer would be obliged to pay additional amounts in respect of any Notes due to any deduction or withholding in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, as provided in Condition 6(i) of the Terms and Conditions of the Notes, the Issuer may and, in certain circumstances shall, redeem all of the Notes then outstanding at their Early Redemption Amount in accordance with such Condition 6(i). During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. As a consequence, Noteholders that choose to reinvest monies they receive through an early redemption may not be able to do so at the same yield than the redeemed Notes.

2.2 Interest Rate Risks

Fixed Rate Notes

Condition 5(b) of the Terms and Conditions of the Notes allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the market value of the relevant Tranche of Notes and potentially decrease the yield. As a consequence, the value on transfer of the Notes would be less than it would otherwise have been. The degree to which the market interest rate may vary may have a significant negative impact on the market value of the Notes if a Noteholder were to dispose of the Notes.

Floating Rate Notes

Condition 5(c) of the Terms and Conditions of the Notes allows for Floating Rate Notes to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting in the reference rate and the relevant margin, be lower than the relevant margin, provided that in no event will the relevant interest amount be less than zero. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may have a significant negative impact on the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Furthermore, if no positive Minimum Rate of Interest is specified as "Applicable" in the relevant Final Terms, the Rate of Interest may become negative. In such case, in accordance with Condition 5(c)(iii)(E) of the Terms and Conditions of the Notes and where Adjusted Interest Rate is specified to be "Applicable" in the Final Terms, future Rates of Interest might be adjusted downward and, therefore, whilst the Noteholders will never be obliged to pay any Interest Amount to the Issuer, Noteholders may receive an Interest Amount lower than the one that they would have received if Adjusted Interest Rate was specified to be "Not Applicable" in the Final Terms.

In addition, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definitive yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of

investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, Noteholders are exposed to the reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Risks related to the regulation and reform of “benchmarks”

In accordance with the provisions of Condition 5 of the Terms and Conditions of the Notes and where the applicable Final Terms for a Series of Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be, specify that the Rate of Interest for such Notes will be determined by reference to Reference Rates that constitute “benchmarks” for the purposes of Regulation (EU) 2016/1011, as amended (the “**Benchmarks Regulation**”) published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be “benchmarks” (including the Euro Interbank Offered Rate (“**EURIBOR**”) and the Constant Maturity Swap rate (“**CMS Rate**”)) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Notwithstanding the provisions of Condition 5(c)(iii)(D) (Benchmark discontinuation) which seek to offset any adverse effects for the Noteholders, the Benchmarks Regulation could have a material adverse impact on any Notes linked to or referencing a “benchmark”, in particular in any of the following circumstances:

- an index which is a “benchmark” could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the “benchmark” could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the “benchmark” and as a consequence, Noteholders could lose part of their investment.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, (including EURIBOR, and CMS Rate) could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements.

Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes (please refer to the risk factor entitled “*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such “benchmarks”*” below). However, such fallback provisions may be deviated from if deemed unsuitable by the relevant national authority, as further explained below. Depending on the manner in which a benchmark is to be determined under the Terms and Conditions, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the relevant benchmark is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a “benchmark”.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation

were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the “**Amending Regulation**”), which applies as from 13 February 2021.

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. These provisions could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark in the event that the fallback provisions set out in the Terms and Conditions of the Notes are deemed unsuitable. However, there are still uncertainties as to the exact implementation of this provision pending the implementing acts taken by the European Commission. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Floating Rate Notes or Fixed to Floating Rate Notes such as €STR

The market continues to develop in relation to risk free rates, such as the Euro short term rate (“**€STR**”), the Sterling Overnight Index Average (“**SONIA**”) and the Secured Overnight Financing Rates (“**SOFR**”), as reference rates in the capital markets for euro, sterling or U.S. dollar bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be, that reference a risk free rate issued under this Base Prospectus. The Issuer may issue notes referencing €STR, pursuant to Condition 5(c)(iii)(C)(e) of the Terms and Conditions of the Notes, in a way that differs materially in terms of interest determination when compared with any previous notes issued by the Issuer referencing €STR.

The nascent development of the use of €STR as interest reference rate for bond markets, as well as continued development of €STR-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as €STR is published by the European Central Bank, the Issuer has no control over its determination, calculation or publication. €STR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the €STR reference rate is discontinued or is no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in the Condition 5(c)(iii)(C)(e) of the Terms and Conditions of the Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the €STR reference rate had been provided by the European Central Bank in its current form. Accordingly, an investment in any such Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be, may entail material risks not associated with similar investments in convention debt securities.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Notes linked to or referencing such “benchmarks”

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, Condition 5(c)(iii)(D) of the Terms and Conditions of the Notes provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate, and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an

adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined or due to uncertainty on availability of the Successor Rate or Alternative Rate and the intervention of the Independent Adviser, the fallbacks rules may not apply as expected at the relevant time, other fallbacks rules may be used if the benchmark ceased or was unavailable, which consist in the rate of interest for such Interest Period to be based on the rate which applied for the immediately preceding Interest Period, as set out in the risk factor above entitled “*The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”*”. In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

This may result in the effective application of a fixed rate for Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be. In a rising interest rate environment, Noteholders will not benefit from any increase in rates. Any such consequences could have a material adverse effect on the value of and return on any Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be, or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be. The Independent Adviser will also have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to such Noteholder.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Notes linked to or referencing a “benchmark” or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes linked to or referencing a “benchmark”. Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to such Noteholder. The occurrence of a Benchmark Event could result in the loss of a portion of the principal amount invested in the relevant Floating Rate Notes or Fixed to Floating Rate Notes, as the case may be.

Inverse Floating Rate Notes

Condition 5(d) of the Terms and Conditions of the Notes allows Inverse Floating Rate Notes which have an interest rate equal to a fixed rate minus a rate based upon a reference rate. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed to Floating Rate Notes

Condition 5(e) of the Terms and Conditions of the Notes allows for Fixed to Floating Rate Notes to be issued. Fixed to Floating Rate Notes may bear interest at a rate (i) that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate or (ii) that will automatically change from a fixed rate to a floating rate, or from a floating rate to a fixed rate on the date set out in the relevant Final Terms. The conversion (whether automatic or optional) will affect the secondary market in, and the market value of, such Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Zero Coupon Notes

Condition 5(f) of the Terms and Conditions of the Notes allows for Zero Coupon Notes to be issued. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have an adverse effect on the market value of the Notes.

Notes issued at a substantial discount or premium

The relevant Final Terms of a Tranche of Notes will specify the relevant issue price. The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. If market interest rates increase, Notes issued at a substantial discount from their principal amount can suffer higher price losses than other conventional interest-bearing Notes having the same maturity and credit rating. If market interest rates decrease, the market price of Notes issued at a substantial premium from their principal amount may increase less than other conventional interest-bearing Notes having the same maturity and credit rating.

Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Any such volatility may have an adverse effect on the value of the Notes issued at a substantial discount or premium. Therefore, holders of Notes issued at a substantial discount or premium could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

Notes indexed on CMS rates of two different maturities

Condition 5(c)(iii)(C)(d) of the Terms and Conditions of the Notes allows for Floating Rate Notes indexed on CMS rates of two different maturities to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate or in the case of CMS linked interest, one or two (2) CMS reference rates, which may be added, subtracted or multiplied, and/or factored and (ii) a margin to be added or subtracted, as the case may be, from such base rate(s). There will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rates (e.g., every three months or six months). Accordingly, the market value of such Notes may be volatile if changes to the reference rates can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of the Notes.

2.3 Risks relating to Green Bonds

As described in the section entitled “*Use of Proceeds*” of this Base Prospectus, unless otherwise specified in the relevant Final Terms, the net proceeds of the issue of the Notes, will be used by the Issuer, to the financing or the refinancing of a portfolio of eligible green assets, as described in the Issuer’s Green Bond Framework (as amended and supplemented) available on the Issuer’s website (<https://www.gecina.fr/en/investors/financing/debts>) (the “**Green Bonds**”) and in the relevant Final Terms.

The definition (legal, regulatory or otherwise) of, and market consensus for a particular project to be defined as, a “green” or equivalently labelled project is still under development and such a clear definition or consensus may not develop over time. On 18 June 2020, Regulation (EU) No. 2020/852 on the establishment of a framework to facilitate sustainable investment was adopted by the Council and the European Parliament (the “**Taxonomy Regulation**”). The Taxonomy Regulation establishes a single EU-wide classification system, or “taxonomy”, which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. The Commission Delegated Regulation (EU) 2021/2139 of 4 June 2021 establishing the technical screening criteria for determining which economic activities can be considered as contributing substantially to climate change mitigation or climate change adaptation and for determining whether that economic activity causes no significant harm to any of the other environmental objectives entered into force on 1 January 2022. However, the Taxonomy Regulation or the Commission Delegated Regulation specified above remain subject to further developments with regard to other specific economic activities.

As a result, the definition of a “green” project or equivalently labelled project is now set for objectives related to climate change mitigation or adaptation, specifying the criteria required by a particular project to qualify as a “green” project,

unless it is related to an economic activity identified in the course of finalisation. However, there is currently no established definition (legal, regulatory or otherwise), and any project included in the Green Bond Framework may not meet the criteria set by the Taxonomy Regulation, or meet any or all investor expectations regarding such “green” or other equivalently-labelled performance objectives or any adverse environmental and/or other impacts may occur in respect of the portfolio or during the implementation of any project relating thereto included in the Green Bond Framework.

While it is the intention of the Issuer to apply the net proceeds of any Green Bonds in the manner described in the “Use of Proceeds” section of this Base Prospectus, as specified in the relevant Final Terms, the projects relating to assets of the portfolio included in the Green Bond Framework may not be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule as expected by the Noteholders. In addition, the use of such proceeds may not satisfy, whether in whole or in part, any present or future investor expectations or requirements or meet investment criteria or guidelines with which such investor or its investments are required to comply and adverse green or other impacts may occur during the implementation of such projects. The projects relating to assets of the portfolio included in the Green Bond Framework may not be completed within any specified period or at all or with the results or outcome (whether or not related to the environment, social or sustainability aspect) as originally expected or anticipated by the Issuer. Further, the amounts of eligible green asset may fall below the total amount of the Issuer’s outstanding Green Bonds.

Any such event or failure by the Issuer will not constitute an Event of Default under the Green Bonds.

In addition, investors will not have exhaustive visibility on the assets and projects of the portfolio included in the Green Bond Framework. Any failure to use the net proceeds from any Green Bonds on assets or projects of the portfolio included in the Green Bond Framework or to meet or continue to meet the investment requirements of certain environmentally focused investors with respect to any Green Bonds may materially and adversely affect the value and marketability of such Notes and/or may have consequences for certain investors with portfolio mandates to invest in green assets and consequently, Noteholders could be adversely affected.

3 Risks related to the traded market of the Notes

Market value of the Notes

The relevant Final Terms of a Tranche of Notes will specify the relevant stock exchange where the Notes will be admitted to trading, if applicable. Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris or any other stock exchanges. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to the market interest and yield rates and the time remaining to the maturity date and, in accordance with Condition 5(c)(iii)(E) of the Terms and Conditions of the Notes if Adjusted Interest Rate is specified to be “Applicable” in the Final Terms, the occurrence of negative interest rate periods. If the financial situation of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and Euronext Paris or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, this could have a significant adverse impact on the Noteholders, and or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

Liquidity risks/trading market for the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris or any other stock exchanges. The Notes may not have an established trading market when issued. A secondary market for the Notes may not develop or the continued liquidity of such market if one develops. The absence of liquidity may have a material adverse effect on the value of the Notes.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the time remaining to the maturity of the Notes, the outstanding amount of the Notes, any redemption features of the Notes as specified in Condition 6 of the Terms and Conditions of the Notes, direction and volatility of interest rates generally. Such factors also will affect the market value

of the Notes. In addition, the Notes issued under the Programme are “green” Notes, unless otherwise specified in the Final Terms, and, as such, are designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities. In the event that any such Notes are listed or admitted to trading on any dedicated “green” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission may not satisfy, whether in whole or in part, any present or future investor expectations or requirements or meet investment criteria or guidelines with which such investor or its investments are required to comply. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Any such listing or admission to trading may not be obtained or maintained in respect of any such Notes.

Noteholders may not be able to sell Notes readily or at prices that will enable Noteholders to realise their anticipated yield. This could have a material adverse impact on the Noteholders and, as a result, Noteholders could lose all or part of their investment in the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency specified in the relevant Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. Such risks generally depend on a number of factors, including financial, economic and political events over which the Issuer has no control. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary or financial authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal. This may result in a substantial loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation and Article 18 of Commission Delegated Regulation (EU) 2019/979, as amended, following the occurrence of a significant new factor, a material mistake or material inaccuracy relating to the information included or incorporated by reference in this Base Prospectus (including the section “Terms and Conditions of the Notes”) which may affect the assessment of any Notes, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which, in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

This Base Prospectus is valid until 17 June 2023. The obligation to supplement the Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when the Base Prospectus is no longer valid.

Any supplement to the Base Prospectus shall be (a) published on the websites of the AMF (www.amf-france.org) and the Issuer (www.gecina.com) and (b) available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion by the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, supplemented (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in the relevant Final Terms. References to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Gecina (the “**Issuer**” or “**Gecina**”) in series (each a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical save as to the issue date, issue price, first payment of interest and nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different issue dates. The specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof and interest, if any, payable thereunder) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the “**Final Terms**”).

An amended and restated agency agreement dated 17 June 2022 has been entered into between the Issuer, Société Générale as, *inter alia*, fiscal agent and the other agents named in it (as amended or supplemented as at the Issue Date, the “**Agency Agreement**”). The fiscal agent, the paying agents, the redenomination agent, the consolidation agent, the calculation agent(s) and the put agent for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Redenomination Agent**”, the “**Consolidation Agent**”, the “**Calculation Agent(s)**” and the “**Put Agent**”.

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market as defined in Directive 2014/65/EU on markets in financial instruments, as amended, situated in a Member State of the European Economic Area (“**EEA**”) and “**Group**” means the Issuer and its consolidated subsidiaries taken as a whole.

1 Form, Denomination(s), Title and Redenomination

(a) **Form:** Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”), as specified in the relevant Final Terms.

(i) Title to Dematerialised Notes will be evidenced in accordance with Articles L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, either in bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France (“**Euroclear France**”, acting as central depository) which shall credit the accounts of the Account Holders (as defined below), or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder designated by the relevant Noteholder or in fully registered form (*au nominatif pur*) inscribed in an account maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

Unless this option is expressly excluded in the relevant Final Terms in accordance with the provisions of Article L.228-2 of the French *Code de commerce*, the Issuer may at any time request from the central depository the following identification information of the holders of Dematerialised Notes in bearer form (*au porteur*): the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address as well as the quantity of Notes held by each of them and any restrictions applicable to the Notes.

For the purpose of these Conditions, “**Account Holder**” means any authorised intermediary institution entitled to hold accounts, directly or indirectly, on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”), and the depository bank for Clearstream Banking S.A. (“**Clearstream**”).

- (ii) Materialised Notes are issued in bearer form only. Materialised Notes in definitive form (“**Definitive Materialised Notes**”) are serially numbered and are issued with interest coupons (the “**Coupons**”) (and, where appropriate, a talon (the “**Talon**”) for further Coupons) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more receipts for the payment of instalments of principal (the “**Receipts**”) attached. The holders of Coupons and Talons and the holders of Receipts are respectively referred to below as the “**Couponholders**” and the “**Receiptholders**”.

In accordance with Articles L. 211-3 et seq. and R. 211-1 et seq. of the French Code monétaire et financier, securities (such as Notes constituting obligations under French law) which are governed by French law and are in materialised form must be issued outside the French territory.

Materialised Notes and Dematerialised Notes may also be cleared through one or more clearing system(s) other than or in addition to Euroclear France, Euroclear and/or Clearstream, as may be specified in the relevant Final Terms.

The Notes may be “**Fixed Rate Notes**”, “**Floating Rate Notes**”, “**Zero Coupon Notes**”, “**Inverse Floating Rate Notes**”, “**Fixed to Floating Rate Notes**” or a combination of any of the foregoing.

- (b) **Denomination(s):** Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”), save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”) will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any laws or regulations applicable to the relevant Specified Currency.

Unless permitted by the then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Dematerialised Notes shall be issued in one Specified Denomination only.

- (c) **Title:**

- (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts held by the Issuer or the Registration Agent.
- (ii) Title to Definitive Materialised Notes in definitive form including, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not such Note, Receipt, Coupon or Talon is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, “**Noteholder**”, “**holder of Notes**” or, as the case may be, “**holder of any Note**” means (i) in the case of Dematerialised Notes, the individual or entity whose name appears in the account held by the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note and the Receipts, Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least thirty (30) calendar days' notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “EC”), as amended from time to time (the “Treaty”), or events have occurred which have substantially the same effect (in either case, “EMU”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “Redenomination Date”.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to this Condition or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Conversion and Exchanges of Notes

(a) **Dematerialised Notes**

- (i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R. 211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

(b) **Materialised Notes**

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3 Status

The Notes and, where applicable, any Receipts and Coupons relating to them, constitute direct, unconditional, unsecured (subject to the provisions of Condition 4 below) and unsubordinated obligations of the Issuer and rank and will rank at all times *pari passu* without any preference or priority among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

4 Negative Pledge

So long as any of the Notes or, if applicable, any Receipts or Coupons relating to them, remains outstanding (as defined below), the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest which would constitute a *sûreté réelle* or its equivalent under any applicable legislation upon all or part of its business (*fonds de commerce*), assets or revenues, present or future, to secure (i) any Bond Indebtedness (as defined below) other than Securitised Bond Indebtedness (as defined below) or (ii) any guarantee of or indemnity in respect of any Bond Indebtedness (other than Securitised Bond Indebtedness) (whether before or after the issue of the Notes) unless the obligations of the Issuer under the Notes, Receipts and Coupons are equally and rateably secured therewith so as to rank *pari passu* with such Bond Indebtedness or the guarantee or indemnity thereof. For the avoidance of doubt, this Condition relates exclusively to the issuance of Bond Indebtedness and in no way affects the Issuer's ability to dispose of its Assets (as defined in Condition 9 below) or to otherwise grant any Security Interest over or in respect of such Assets under any other circumstances.

For the purposes of these Conditions:

“**Bond Indebtedness**” means the Notes, all other outstanding Series of Notes, and any other present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) or other securities (including *titres de créances négociables*) which are, or are capable of being, quoted, admitted to trading or ordinarily dealt in any stock exchange, over-the-counter or other securities market;

“**outstanding**” means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid as provided in Condition 7 and remain available for payment against presentation and surrender of Notes, Receipts and/or Coupons, as the case may be, (c) those which have become void or in respect of which claims have become prescribed under Condition 10, (d) those which have been purchased and cancelled as provided in the Conditions, (e) in the case of Definitive Materialised Notes (i) those mutilated or defaced Definitive Materialised Notes that have been surrendered in exchange for replacement Definitive Materialised Notes, (ii) (for the purpose only of determining how many Notes are outstanding and without prejudice to their status for any other purpose) those Definitive Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Definitive Materialised Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Notes, pursuant to its provisions;

“**Securitised Bond Indebtedness**” means any Bond Indebtedness of the Issuer incurred in respect of or in connection with any securitisation or similar financing arrangement relating to Assets owned by the Issuer and where the recourse of the holders of such Bond Indebtedness against the Issuer is limited solely to such Assets or any income generated therefrom;

“**Security Interest**” means any mortgage, charge, pledge, lien or other form of encumbrance or security interest which would constitute a *sûreté réelle* or any other agreement or arrangement having substantially the same economic effect (including, but not limited to, any retention of title, lease or hire-purchase arrangement).

- (iii) in the case of a Specified Currency and/or one or more business centre(s) specified in the relevant Final Terms (the **“Business Centre(s)”**), a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres so specified.

“Day Count Fraction” means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or an Interest Accrual Period, the **“Calculation Period”**):

- (i) if **“Actual/365”**, **“Actual/365 – FBF”** or **“Actual/Actual – ISDA”** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by three hundred and sixty-five (365) (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by three hundred and sixty-six (366) and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by three hundred and sixty-five (365));
- (ii) if **“Actual/Actual-ICMA”** is specified in the relevant Final Terms:
 - (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (B) if the Calculation Period is longer than one (1) Determination Period, the sum of:
 - the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (i) the number of days in such Determination Period and (ii) the number of Determination Periods normally ending in any year; and
 - the number of days in such Calculation Period falling in the next Determination Period divided by the product of (i) the number of days in such Determination Period and (ii) the number of Determination Periods normally ending in any year

in each case where:

“Determination Date” means the date specified in the relevant Final Terms or, if none is so specified, the Interest Payment Date

“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date and

- (iii) if **“Actual/Actual FBF”** is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during the Calculation Period and whose denominator is three hundred and sixty-five (365) (or three hundred and sixty-six (366) if 29 February falls within the Calculation Period). If the Calculation Period is of a term of more than one (1) year, the basis shall be calculated as follows:
 - (x) the number of complete years shall be counted back from the last day of the Calculation Period; and
 - (y) this number shall be increased by the fraction for the relevant period calculated as shown above;
- (iv) if **“Actual/365 (Fixed)”** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by three hundred and sixty-five (365)
- (v) if **“Actual/360”** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by three hundred and sixty (360)
- (vi) if **“30/360”, “360/360”** or **“Bond Basis”** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by three hundred and sixty (360), calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first (1st) day of the Calculation Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M1” is the calendar month, expressed as a number, in which the first (1st) day of the Calculation Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D1” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be thirty-one (31), in which case D1 will be thirty (30); and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be thirty-one (31) and D1 is greater than twenty-nine (29), in which case D2 will be thirty (30);

- (vii) if **“30/360-FBF”** or **“Actual 30A/360 (American Bond Basis)”** is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is three hundred and sixty (360) and whose numerator is the number of days calculated as for 30E/360-FBF, subject to the following exception:

Where the last day of the Calculation Period is the thirty-first (31st) and the first (1st) day is neither the thirtieth (30th) nor the thirty-first (31st), the last month of the period shall be deemed to be a month of thirty-one (31) calendar days. Using the previous notation same abbreviations as with 30E/360-FBF, the fraction is:

If $dd2 = 31$ and $dd1 \neq (30, 31)$

then:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + (dd2 - dd1)]$$

or

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)];$$

- (viii) if “**30E/360**” or “**Eurobond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by three hundred and sixty (360), calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - dY1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first (1st) day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first (1st) day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be thirty-one (31), in which case D1 will be thirty (30); and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be thirty-one (31), in which case D2 will be thirty (30);

Notwithstanding the foregoing, where the relevant Final Terms specify that the relevant Business Day Convention is to be applied on an “unadjusted” basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.
- (iii) **Rate of Interest for Floating Rate Notes:** The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms, provided that if Adjusted Interest Rate is specified to be “Applicable” in the relevant Final Terms, the Rate of Interest in respect of Floating Rate Notes for a given Interest Accrual Period shall be determined in accordance with (E) below.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a notional interest rate swap transaction (*échange*) in the relevant Specified Currency incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms and
- (b) the Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**” and “**Floating Rate Determination Date**” are translations of the French terms “*Taux Variable*”, “*Agent de Calcul*” and “*Date de Détermination du Taux Variable*”, respectively, which have the meanings given to those terms in the FBF Definitions.

If the paragraph “Floating Rate” in the relevant Final Terms provides that the rate of interest will be determined by linear interpolation in respect of an Interest Period, the Rate of Interest applicable to such Interest Period will be calculated by the Calculation Agent by linear interpolation between two (2) rates of interest based on the relevant Floating Rate, provided that the first rate of interest corresponds to a maturity immediately inferior to the duration of the relevant Interest Period and the second rate corresponds to a maturity immediately superior to the same relevant Interest Period.

(B) ISDA Determination for Floating Rate Notes

- (a) Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and “2006 ISDA Definitions” is specified in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B)(a), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by

the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the 2006 ISDA Definitions and under which:

- I. the “**Floating Rate Option**” is as specified in the relevant Final Terms;
- II. the “**Designated Maturity**” is a period specified in the relevant Final Terms;
and
- III. the relevant “**Reset Date**” is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B)(a), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the 2006 ISDA Definitions.

If the paragraph “Floating Rate Option” in the relevant Final Terms provides that the rate of interest will be determined by linear interpolation in respect of an Interest Period, the Rate of Interest applicable to such Interest Period will be calculated by the Calculation Agent by linear interpolation between two (2) rates of interest based on the relevant Floating Rate, provided that the first rate of interest corresponds to a maturity immediately inferior to the duration of the relevant Interest Period and the second rate corresponds to a maturity immediately superior to the same relevant Interest Period.

- (b) Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and “2021 ISDA Definitions” is specified in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B)(b), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the 2021 ISDA Definitions and under which:
- I. the “**Floating Rate Option**” is as specified in the relevant Final Terms;
 - II. the “**Designated Maturity**” is a period specified in the relevant Final Terms;
 - III. the relevant “**Reset Date**” is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms ;
 - IV. the relevant “**Fixing Day**” is the date specified in the applicable Final Terms or, in the absence thereof, as defined in the 2021 ISDA Definitions;
 - V. the “**Effective Date**” is, unless otherwise specified in the applicable Final Terms, the Interest Commencement Date;
 - VI. the “**Termination Date**” is, unless otherwise specified in the applicable Final Terms, the last date of the last occurring Interest Accrual Period;
 - VII. the relevant “**Calculation Period**” is as specified in the applicable Final Terms or, in the absence thereof, as defined in the 2021 ISDA Definitions for which purpose references to “Effective Date” and “Period End Date” (in the 2021 ISDA Definitions) shall be deemed to be to, respectively, the Issue Date and any last day of the last occurring Interest Accrual Period (as defined in these Conditions); and
 - VIII. if the Floating Rate Option specified in the Final Terms is an Overnight Floating Rate Option and Compounding is specified as applicable in the applicable Final Terms:

- the relevant Reset Date is the last day of the last occurring Interest Accrual Period, unless otherwise specified in the Final Terms;
- Delayed Payment will be applicable if specified as such in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5);
- OIS Compounding will be applicable if specified as such in the Final Terms;
- Compounding with Lookback will be applicable if specified as such in the Final Terms, and if so, the “**Lookback**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lookback” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5);
- Compounding with Observation Period Shift will be applicable if specified as such in the Final Terms, and if so, Set in Advance will be applicable if specified as such in the Final Terms, “**Observation Period Shift Additional Business Day**” is as specified in the Final Terms, and the “**Observation Period Shift**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Observation Period Shift” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5); and
- Compounding with Lockout will be applicable if specified as such in the Final Terms, and if so, “**Lockout Period Business Day**” is as specified in the Final Terms and the “**Lockout**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lockout” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5).

For the purposes of this sub-paragraph (B)(b), except as otherwise defined in such sub-paragraph, “**Calculation Agent**”, “**Compounding with Lockout**”, “**Compounding with Lookback**”, “**Compounding with Observation Period Shift**”, “**Delayed Payment**”, “**Designated Maturity**”, “**Effective Date**”, “**Floating Rate Option**”, “**Floating Rate**”, “**Lockout Period Business Day**”, “**Lockout**”, “**Lookback**”, “**Observation Period Shift**”, “**OIS Compounding**”, “**Overnight Floating Rate Option**”, “**Period End Date**”, “**Set in Advance**” and “**Swap Transaction**” have the meanings given to those terms in the 2021 ISDA 2021 Definitions.

The provisions relating to “Linear Interpolation” set out in the 2021 ISDA Definitions shall apply to an ISDA Rate where “*2021 ISDA Definitions Linear Interpolation*” is specified as applicable in the applicable Final Terms. For such purpose, references to “Relevant Rate” under the 2021 ISDA Definitions shall be deemed to be references to the ISDA Rate.

(C) **Screen Rate Determination for Floating Rate Notes**

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being EURIBOR:
 - (i) the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (x) the offered quotation; or
- (y) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears on the Relevant Screen Page as at 11.00 a.m. Brussels time on the relevant Interest Determination Date as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any). If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (ii) if the Relevant Screen Page is not available or if sub-paragraph (a)(x) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (a)(y) applies and fewer than three such quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any), and
- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in as the case may be, the Euro-zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) except that if (i) the Calculation Agent determines in good faith that the absence of quotation is due to the discontinuation of the Reference Rate (including the cessation of the publication of the Reference Rate or the cessation of the existence of the Reference Rate) or (ii) following the adoption of a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks

Regulation of any benchmark administrator previously authorised to publish any Reference Rate under any applicable laws or regulations, then the Reference Rate will be determined in accordance with Condition 5(c)(iii)(D) below.

If the paragraph “Reference Rate” in the relevant Final Terms provides that the rate of interest will be determined by linear interpolation in respect of an Interest Period, the Rate of Interest applicable to this Interest Period will be calculated by the Calculation Agent by linear interpolation between two (2) rates of interest based on the applicable Reference Rate, provided that the first rate corresponds to a maturity immediately inferior to the duration of the relevant Interest Period and the second rate corresponds to a maturity immediately superior to the same Interest Period.

- (b) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be determined by the Calculation Agent on the Interest Determination Date specified in the relevant Final Terms by reference to the following formula:

CMS Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any)

or by reference to the following combination formula:

$$m \times \text{CMS Rate}[\text{specify maturity}] [+/-/\times] n \times \text{CMS Rate}[\text{specify maturity}]$$

where each of “m” and “n” means the number specified in the relevant Final Terms.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations (rounded if necessary, to the nearest hundredth of a percentage point, with 0.005 being rounded upwards), eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date, for any reason, the Reference Rate is no longer published or less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purposes of this sub-paragraph (b):

“**CMS Rate**” shall mean the applicable swap rate for swap transactions in the Relevant Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the Interest Determination Date in question, all as determined by the Calculation Agent.

“**CMS Reference Banks**” means (i) where the Relevant Currency is Euro, the principal office of five leading swap dealers in the Euro-zone inter-bank market, (ii) where the Relevant Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Relevant Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Relevant Currency, the principal relevant financial centre office of five leading swap dealers

in the relevant financial centre inter-bank market, in each case selected by the Calculation Agent.

“**Designated Maturity**” and “**Specified Time**” shall have the meaning given to those terms in the relevant Final Terms.

“**Relevant Swap Rate**” means:

- (i) where the Relevant Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions; and
- (ii) where the Relevant Currency is any other currency of if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the relevant Final Terms.

“**Representative Amount**” means an amount that is representative for a single transaction in the relevant market at the relevant time.

- (c) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, in accordance with the following formula:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each TARGET Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

(D) Benchmark discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, and Screen Rate Determination applies, then the following provisions shall apply and prevail over other fallbacks specified in Condition 5(c) (for the avoidance of doubt, these provisions shall not apply to €STR).

(a) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(b)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(D)(c)) and any Benchmark Amendments, if any (in accordance with Condition 5(c)(iii)(D)(d)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(D).

(b) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (I) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)); or
- (II) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)).

(c) Adjustment Spread

If the Independent Adviser, determines, acting in good faith and in a commercially reasonable manner, (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(e), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(iii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D). Such notice shall be irrevocable and binding, and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(f) Survival of Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Condition 5(c)(iii)(D), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii) will continue to apply unless and until the party responsible for

determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(g) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallbacks for the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined on the last preceding Interest Determination Date will continue to apply to such determination (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(D), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(D) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(c)(iii)(C), will continue to apply in accordance with their terms). This may result in the Rate of Interest determined as at the last preceding Interest Determination Date being the Rate of Interest for the Interest Period in question.

(h) Definitions

In this Condition 5(c)(iii)(D):

“**Adjustment Spread**” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate.

“**Alternative Rate**” means, in the absence of Successor Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(c)(iii)(D) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant

component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

“Benchmark Event” means, with respect to an Original Reference Rate:

- a) the Original Reference Rate ceasing to exist or be published;
- b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six (6) months prior to the specified date referred to in (b)(i);
- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the specified date referred to in (d)(i);
- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;
- f) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation, if applicable);
- g) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted; or
- h) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed.

“Benchmarks Regulation” means Regulation (EU) 2016/1011 of 8 June 2016, as amended.

“Independent Adviser” means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense under Condition 5(c)(iii)(D)(a).

“Original Reference Rate” means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes.

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

- b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

“**Successor Rate**” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body and if, following a Benchmark Event, two or more successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser, shall determine which of those successor or replacement rates is most appropriate, having regard to, *inter alia*, the particular features of the relevant Notes and the nature of the Issuer.

(E) Adjusted Interest Rate

If Adjusted Interest Rate is specified to be "Applicable" in the relevant Final Terms, the Rate of Interest in respect of Floating Rate Notes for a given Interest Accrual Period shall be determined as follows:

- a) if the Rate of Interest determined with respect to the preceding Interest Accrual Period (if any) pursuant to this Condition 5(c)(iii)(E) was above zero, the Rate of Interest for the relevant Interest Accrual Period shall be determined in the manner specified in the provisions above relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms;
- b) if the Rate of Interest determined with respect to the preceding Interest Accrual Period (if any) pursuant to this Condition 5(c)(iii)(E) was equal to or below zero, the Rate of Interest for the relevant Interest Accrual Period shall be equal to the sum of (A) the rate of interest, positive or negative, determined for such Interest Accrual Period in the manner specified in the provisions above relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms, and (B) the Rate of Interest, negative or equal to zero, determined for the preceding Interest Accrual Period pursuant to this Condition 5(c)(iii)(E);

it being specified that:

- c) the Rate of Interest for the first Interest Accrual Period will be determined in accordance with (a) above as if the Rate of Interest in respect of the preceding Interest Accrual Period was above zero; and
- d) if the Rate of Interest for a given Interest Accrual Period, as determined pursuant to (a) or (b) above, is a negative number, no Interest Amount will be paid by the Issuer to the Noteholders on the relevant Interest Payment Date (for the avoidance of doubt, no payment will be made by the Noteholders to the Issuer in respect of a negative Rate of Interest); and

for the avoidance of doubt, if Adjusted Interest Rate is not specified to be "Applicable" in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

If the paragraph “Reference Rate” in the relevant Final Terms provides that the rate of interest will be determined by linear interpolation in respect of an Interest Period, the Rate of Interest applicable to such Interest Period will be calculated by the Calculation Agent by linear interpolation between two (2) rates of interest based on the relevant Reference rate, provided that the first rate of interest corresponds to a maturity immediately inferior to the duration of the relevant Interest Period and the second rate corresponds to a maturity immediately superior to the same relevant Interest Period.

- (d) ***Inverse Floating Rate Notes:*** Inverse Floating Rate Notes bear interest at a Fixed Rate (as determined in Condition 5(b) (*Interest on Fixed Rate Notes*)) minus a Floating Rate (as determined in Condition 5(c) (*Interest on Floating Rate Notes*)), as specified in the relevant Final Terms.
- (e) ***Fixed to Floating Rate Notes:*** Fixed to Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the relevant Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the relevant Final Terms.
- (f) ***Zero Coupon Notes:*** Where a Note the Interest Basis of which is specified to be Zero Coupon, is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(h)(i)).
- (g) ***Accrual of Interest:*** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (h) ***Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding***
- (i) If any Margin is specified in the relevant Final Terms, either (x) generally, in which case an adjustment shall be made to all Rates of Interest, or (y) in relation to one or more Interest Accrual Periods, in which case an adjustment shall be made to the Rates of Interest for the specified Interest Accrual Periods, such adjustment shall be calculated (in either case) in accordance with Condition 5(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph;
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be; and
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth (1/100,000) of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven (7) figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (i) ***Calculations:*** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two (2) or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (j) ***Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Make-Whole Redemption Amounts, Optional Redemption Amounts, Restructuring Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:*** The Calculation Agent shall as soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Make-Whole Redemption Amount, Optional Redemption Amount, Restructuring Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts

for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Make-Whole Redemption Amount, Optional Redemption Amount, Restructuring Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (k) **Calculation Agent:** The Issuer shall use its best efforts to procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Make-Whole Redemption Amount, Early Redemption Amount or Optional Redemption Amount or Restructuring Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 14.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which is its nominal amount, except for Zero Coupon Notes) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Redemption at the Option of the Issuer:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders, redeem all, or, if so provided, some, of the Notes on any Optional Redemption Date (as specified in the relevant Final Terms). Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms) together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

(d) ***Make-Whole Redemption:***

If a Make-Whole Redemption is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time, prior to the Relevant Redemption Date (the "**Make-Whole Redemption Date**") at their Make-Whole Redemption Amount.

"Make-Whole Redemption Amount" means in respect of any Notes to be redeemed pursuant to this Condition 6(d) an amount, calculated by the Calculation Agent, equal to the greater of (x) 100 per cent. of the Principal Amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes until the Relevant Redemption Date (determined on the basis of the interest rate applicable to the Notes (not including any interest accrued on the Notes from and including the Issue Date or, as the case may be, the scheduled Interest Payment Date immediately preceding such Make Whole Redemption Date to, but excluding, such Make Whole Redemption Date)), discounted from the Relevant Redemption Date, to the relevant Make-Whole Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

"Principal Amount" means the Specified Denomination of the Notes, subject, as the case may be, to any adjustment as described in Condition 6(f)(ii) following any partial redemption pursuant to Condition 6(c), Condition 6(d) and Condition 6(e).

"Redemption Rate" means the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth Business Day preceding the Make-Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

"Reference Dealers" means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security specified in the Final Terms, will be chosen by the Calculation Agent at 11.00 a.m. (CET) on the third business day in London preceding the Make-Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 14.

"Relevant Redemption Date" means either (i) the Maturity Date or (ii) the Residual Maturity Call Option Date, if a Residual Maturity Call Option is specified as applicable in the relevant Final Terms.

"Similar Security" means a reference bond or reference bonds having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-Whole Redemption Amount and the Redemption Rate will be notified by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(e) ***Residual Maturity Call Option:***

If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at the Principal Amount of the Notes so redeemed together with interest accrued thereon to, but excluding, the date fixed for redemption, at any time or from time to time during the period starting on (and including) the residual maturity call option date specified in the relevant Final Terms (the "**Residual Maturity Call Option Date**") and ending on (but excluding) the Maturity Date.

All Notes in respect of which any such notice is given shall be redeemed, in whole or in part, on the date specified in such notice in accordance with this Condition.

(f) ***Partial redemption:***

- (i) In the case of a partial redemption in respect of Materialised Notes in accordance with Condition 6(c), 6(d) or 6(e), the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements or other stock exchange requirements.
- (ii) In the case of a partial redemption in respect of Dematerialised Notes in accordance with Condition 6(c), 6(d) or 6(e), the redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed.
- (iii) So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are admitted to trading on Euronext Paris and the rules applicable to such Regulated Market so permit, on the website of Euronext Paris or (ii) in a leading newspaper of general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, which, in the case of Euronext Paris is expected to be *Les Echos*, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

If the Notes or the Issuer are rated by more than one Rating Agency, a Rating Downgrade shall be deemed not to have occurred in respect of a particular Restructuring Event if only one Rating Agency has withdrawn or lowered its rating.

"Restructuring Event" shall be deemed to have occurred at each time (whether or not approved by the Board of Directors of the Issuer) that any Person or Persons acting in concert (within the meaning of Article L. 233-10 of the French *Code de commerce*) shall acquire, or own, directly or indirectly, beneficially and/or of record, more than fifty per cent. - (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(i) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Early Redemption Amount becomes due and payable was the Relevant Date. The calculation of the Early Redemption Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(g).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) Other Notes:

Unless otherwise specified in the relevant Final Terms, the Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(i) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption.

(i) **Redemption for Taxation Reasons:**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes or, if such date is past, as soon as practicable thereafter.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes, Receipts or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, the Receiptholders or Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding (as defined above) at their Early Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.
- (j) **Clean-up Call Option:** If a Clean-up Call Option is specified in the relevant Final Terms, in the event that Notes representing an aggregate amount equal to or exceeding the Minimum Percentage (as specified in the relevant Final Terms, being a percentage of the aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes)) have been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than thirty (30) nor less than fifteen (15) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 14, redeem all, but not some only, of the remaining Notes in that Series at their Final Redemption Amount together with any interest accrued to the date set for redemption.
- (k) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and/or regulations. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes.
- (l) **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate and the Definitive Materialised Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent. Any Notes so cancelled or, where applicable,

transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (m) **Illegality:** If, by reason of any change in French law, or any change in the official application or interpretation of such law becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant Noteholders. - (b) **Materialised Notes:** Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases but without prejudice to the provisions of Condition 8 to (i) any applicable fiscal or other laws, regulations and directives in the place of payment or other laws and regulations to which the Issuer or its Agents are subject and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. - (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each such case, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent, the Registration Agent, the Calculation Agent(s) or the Put Agent and to appoint additional or other Fiscal Agents, Paying Agents, Redenomination Agents, Consolidation Agents, Registration Agents, Calculation Agents or Put Agents provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) one or more Paying Agents having specified offices in at least one (1) major European city (and ensuring the financial services of the Notes in Paris so long as the

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

(f) ***Unmatured Coupons and Receipts and unexchanged Talons:***

- (i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).

- (v) Where any Materialised Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Notes.

(g) ***Talons:*** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

(h) ***Business Days:*** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum

FORM OF FINAL TERMS

[MiFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET] - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by European Securities and Markets Authority ("ESMA") on 5 February 2018 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU on markets in financial instruments (as amended "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. *[Consider any negative target market.]* Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.¹

[UK MiFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET] - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "*Brexit our approach to EU non-legislative materials*"), has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("UK MiFIR"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. *[Consider any negative target market.]* Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.²

RECENT DEVELOPMENTS

First lease signed for 157 Charles de Gaulle in Neuilly-sur-Seine (92)

Gecina is delighted to welcome the teams of a major real estate group to 157 avenue Charles de Gaulle in Neuilly-sur-Seine, signing a nine-year lease for 1,650 sq.m. The premises will be made available from June 1, with the tenant scheduled to arrive in September 2022.

This transaction, secured at rental values exceeding the Group's initial expectations, has set a new benchmark for prime buildings in Neuilly-sur-Seine, reflecting the appetite among businesses for high-quality offices in the most central sectors of Paris City and Neuilly-sur-Seine.

Positioned on the major corridor linking Paris' Central Business District and La Défense, 157 Charles de Gaulle offers 11,400 sq.m of offices and services.

This transaction takes the building's letting rate up to 15%, just a few weeks after it was delivered during the first quarter of 2022. It represents a first concrete illustration of the strong interest among several potential tenants that Gecina is currently in talks with.

Paris, April 21, 2022

Business at March 31, 2022

Dynamic first quarter with solid operational performances

- Gross rental income of €153.3m, up +2.2% like-for-like
- Occupancy rate up for all asset classes (+80bp over three months to 92%)
- Rental market upturn, with nearly 30,000 sq.m of offices let
- Positive reversion of +18% recorded on offices in the first quarter

- Pipeline's positive net contribution to rental income
- Liability structure ensuring good financial visibility
- Target confirmed for recurrent net income per share growth to €5.5 in 2022

Increase in the occupancy rate across all asset classes

- Occupancy rate progressing across all asset classes, reflecting the upturn in rental transactions, particularly for offices in the Paris Region's central sectors, as well as the improvement in residential letting processes and the normalization of the environment for student residences.

Significant rental reversion captured in the first quarter, particularly at the heart of Paris

- Rental reversion captured still positive, with +18% for offices in the first quarter, driven by the transactions carried out at the heart of Paris in particular.

Upturn in rent indexation

- Rent indexation reflected in like-for-like growth as leases pass their anniversary dates. Contribution of around +0.7% for the quarter, with a gradual ramp-up expected over the coming quarters.
- For reference, the benchmark index, published each quarter for Office rent indexation (ILAT index), came to +4.3% at end-2021 (index published at end-March 2022), whereas it was negative (-1.2%) one year earlier.
- This ILAT index published at end-March 2022 for Q4 2021 will be applied for the leases that have an anniversary date during the second quarter of 2022.

Pipeline's positive net contribution to rental income

- For the first quarter, the pipeline's net contribution (contribution by assets delivered net of assets launched for redevelopment) was positive, with this trend expected to ramp up over the coming quarters and be confirmed in 2022, particularly with the talks underway with potential tenants further strengthening confidence in the pipeline's future rental potential.

Liability structure adapted and robust, ensuring good financial visibility

- In the current context, Gecina benefits from an adapted, resilient and sound financial structure, without any refinancing constraints over the next 24 months and with a high hedging rate in the short term (around 90%), as well as the long term (75% on average through to end-2028, with an average hedging instrument maturity of 7.8 years at end-March).

➤ **Target confirmed for recurrent net income per share growth to €5.5 in 2022**

Gross rental income up +2.2% like-for-like to €153.3m

Like-for-like rental income growth reflecting the improvement in occupancy rates across all the asset classes and the first signs of the gradual return of indexation

Gross rental income In million euros	Mar 31, 2021	Mar 31, 2022	Change (%)	
			Current basis	Like-for-like
Offices	127.3	121.4	-4.7%	+1.8%
Traditional residential	26.3	26.5	+0.8%	+1.8%
Student residences	4.4	5.4	+21.7%	+16.2%
Total gross rental income	158.1	153.3	-3.0%	+2.2%

Like-for-like, the organic performance (+2.2%) reflects the first effects of the reduction in office and residential vacancy levels, and the normalization of activity levels for student residences. The effects of the increase in indexation will be gradually seen over the coming quarters, further strengthening the factors contributing to the upturn in organic rental income growth.

- **Impact of the increase in the occupancy rate for the office and residential portfolios** (with like-for-like growth of +1.8% across the two portfolios), benefiting from the strong upturn in rental transactions since the second quarter of 2021, with this trend confirmed since the start of 2022. The organic performance reflects the recent letting of partially or fully vacant office buildings (including Adamas and Carré Michelet in La Défense), and a more proactive strategy for the residential business. The reduction in the vacancy rate contributed +1.7% to like-for-like rental growth for offices and +0.6% for the residential portfolio.

- **Normalization of activity levels for student residences**, with like-for-like growth of +16.2% for this business, resulting from the significant increase in the occupancy rate.
- **The impacts of the acceleration in indexation are expected to be gradually seen over the coming quarters**, and remain moderate for the moment, due to their delayed impact. Indexation contributed just +0.7% to the Group's organic rental growth to date, which already represents a stronger contribution than the +0.3% for 2021, but this effect is expected to mechanically increase in 2022 and 2023, gradually reflecting the indexes published with a marked increase (particularly the ILAT for offices, with the latest index published for Q4 2021 representing +4.3% year-on-year).

On a current basis, rental income is down -3.0% (-€4.8m), linked primarily to the impact of the office sales completed in 2021. For the first quarter, the pipeline's net contribution was positive, with the rental income from the assets delivered now higher than the temporary loss of rent on buildings transferred or to be transferred to the development pipeline.

- **Sales completed in 2021:** In 2021, Gecina completed or secured €544m of sales of non-strategic buildings, including Portes d'Arcueil in Arcueil, Orion in Montreuil and Louise Michel in Levallois in the third quarter of 2021. The sales completed in 2021 achieved a premium of around +9% versus the end-2020 appraisal values, with the loss of rental income for the first quarter representing -€5.4m.
- **Positive net contribution for the development pipeline:** the contribution by the buildings delivered in 2021 (primarily the Anthos building in Boulogne and the Ynov student residence in Ivry) came to €1.4m, higher than the temporary loss of rent on buildings with strong value creation potential freed up to be redeveloped (-€0.7m).

Occupancy rate progressing across all asset classes

The Group's **average financial occupancy rate** was still high, with 92.0%, up +80bp over three and six months, and stable year-on-year.

This progress with the occupancy rate over three and six months is confirmed across all of the Group's asset classes.

For offices, the average occupancy rate was 91.1%, up +40bp over three months, and stable overall over six months (up +10bp).

However, the spot occupancy rate is up +40bp over six months, with sustained progress each quarter since mid-2021, reflecting the impacts of the upturn observed for rental markets in central sectors and high-quality buildings in particular.

This increase benefited from the leases coming into effect for vacant space, particularly in Adamas and Carré Michelet in La Défense, as well as other buildings in Paris.

However, this rate does not factor in certain lettings for leases that were signed recently, but have not yet come into effect, such as the Carré Michelet building once again; if they were taken into account, the occupancy rate would be nearly 200bp higher.

The analysis of occupancy rates **per geographical area** once again shows some very different situations, with a rate of close to 94% at end-March for Paris City, which has been rising since end-June 2021, whereas they were stable or down slightly over the same period for the other sectors, with 87% in the Western Crescent – La Défense and 85% for other areas in the Paris Region.

For the **traditional residential portfolio**, the improvement of +30bp over six months and +80bp year-on-year factors in the sustained progress achieved, reflecting the improvement and digitalization of the letting process.

For the **student residences** scope, the financial occupancy rate shows strong growth over six months (+20pts) and year-on-year (+11pts) to 92.6%, reflecting **the upturn observed since the start of the new academic year in September 2021, with a normalization of this business**.

Average financial occupancy rate	Mar 31, 2021	Jun 30, 2021	Sep 30, 2021	Dec 31, 2021	Mar 31, 2022
Offices	91.7%	91.4%	91.0%	90.7%	91.1%
Traditional residential	96.1%	96.7%	96.6%	96.8%	96.9%
Student residences	81.5%	74.4%	72.8%	79.0%	92.6%
Group total	92.0%	91.6%	91.2%	91.2%	92.0%

Offices: rental market upturn with nearly 30,000 sq.m

Gross rental income - Offices	Mar 31, 2021	Mar 31, 2022	Change (%)	
In million euros			Current basis	Like-for-like
Offices	127.3	121.4	-4.7%	+1.8%
Paris City	73.5	71.4	-2.9%	+1.3%
Western Crescent - La Défense	40.2	41.2	+2.3%	+4.2%
Paris Region - Other	9.1	4.4	-51.9%	-10.0%
Other French regions / International	4.5	4.5	-0.2%	+1.4%

Rental activity revealing an improvement in occupancy, as well as significant positive reversion, particularly in the most central sectors

During the first quarter, Gecina **let, relet or renegotiated nearly 30,000 sq.m**, representing over €19m of headline rent. This strong upturn is in line with the trend observed since the second quarter of 2021 on the office markets, and particularly the most central sectors, where the market vacancy rate has dropped significantly (to 2.5% in the CBD and 3.3% for Paris City overall).

The rental transactions completed by Gecina during the first quarter confirm the **particularly polarized market trends benefiting the Paris Region's most central sectors** and higher-quality buildings. Across the market, transaction volumes¹¹ are up +40% year-on-year (driven primarily by the robust trend for Paris City: +60%). Market rents reflect a polarization benefiting the most central sectors, where Gecina's portfolio is primarily concentrated (~75% of the commercial portfolio in Paris City and Neuilly-sur-Seine), with a **+6.4% increase in market rents for Paris' extended CBD** and over +3% for the rest of the City, whereas they are stable overall or even down slightly in peripheral areas (Western Crescent - La Défense, Inner and Outer Rims).

- **Nearly one third of these new transactions concern new leases:**
 - o On buildings delivered recently or scheduled for delivery shortly (157 Charles de Gaulle in Neuilly-sur-Seine, Boétie in Paris' CBD) or buildings that have been renovated (Horizons - Maison Haute). These latest transactions will help further strengthen visibility over the Group's rental income growth as assets are delivered and work is completed as expected over the coming half-year periods.
 - o **For new or redeveloped buildings**, the superior quality of Gecina's assets, its teams and its service-driven strategy YouFirst enable it to outperform in the submarkets. The rents obtained exceeded the Group's initial expectations, and are **in line with or even higher than the prime rents observed to date** for these areas. This performance confirms the growing appetite among businesses for Office real estate in the Paris Region's central areas where levels of available supply are limited.
- **The remaining two thirds concern relettings or renewals** of leases, primarily at the heart of Paris City. Overall, the **average reversion captured came to +18%** for the first quarter, driven by the strong level of reversion secured in the central sectors. It represents **+34% for Paris City¹²**, and is **slightly negative outside of Paris**.

Change in gross rental income

- **For the office portfolio in Paris City:** growth driven by the increase in the occupancy rate, the positive reversion secured and the first signs of upcoming indexation
- **Like-for-like** rental income growth **came to +1.3%**.
 - o The impact of **indexation** is moderate to date (+0.7%).
 - o The **reduction in real estate vacancy levels** made a positive contribution to organic growth (+0.8%) in the first quarter, reflecting the robust trends seen in terms of rental transactions.
- **The -2.9% contraction on a current basis** is linked primarily to the non-recurring income received during the first quarter of 2021. This non-recurring negative impact will be diluted over the full year. To a lesser extent, this contraction also factors in the departure of certain tenants from assets that will be transferred to the pipeline shortly.
- **For the office portfolio in the Western Crescent and La Défense:** significant increase in the occupancy rate like-for-like

¹¹ Source: Immostat

¹² Excluding one operation concerning a retail unit in the CBD, which captured an exceptionally high level of reversion

- **Like-for-like growth came to +4.2%** year-on-year, reflecting the **significant reduction in real estate vacancy levels** in this sector, thanks in particular to the letting of vacant space, especially in the Adamas and Carré Michelet buildings (La Défense), as well as Be Issy (Issy les Moulineaux). The contribution by **reversion was slightly negative, offset by a positive indexation effect**, but is still moderate to date.
- On a current basis, this trend was moderated by the sale of the Louise Michel building in 2021 (Levallois). Rental growth on a current basis came to +2.3% year-on-year.

Residential portfolios: organic performance driven by positive reversion and the reduction in vacancy levels

Gross rental income In million euros	Mar 31, 2021	Mar 31, 2022	Change (%)	
			Current basis	Like-for-like
Residential	30.8	31.9	+3.8%	+3.9%
Traditional residential	26.3	26.5	+0.8%	+1.8%
Student residences	4.4	5.4	+21.7%	+16.2%

For the **traditional residential portfolio, rental income** is up +1.8% like-for-like. This performance reflects the impact of the strategy rolled out aiming to capture reversion potential. Since the start of the year, the **rent differential secured between new and old tenants came to +6.4%**, contributing +0.5% to this portfolio's like-for-like rental performance. The impact of indexation represents +0.9%, with this contribution expected to grow over the coming half-year periods. In addition, the reduction in the vacancy rate contributed +0.6% to like-for-like rental growth.

Rental income from student residences shows strong growth like-for-like (+16.2%) and on a current basis (+21.7%), linked primarily to a **significant increase in the occupancy rate** for residences since the start of the 2021 academic year, up to an average of 92.6% across the student portfolio, reflecting a normalization of the vacancy rate in line with the levels historically observed prior to the health crisis.

This increase in the occupancy rate has been accompanied by the **significant reversion potential secured**, with reversion contributing +2.8% to like-for-like growth, based on an incoming-outgoing differential of +4%.

Gecina is backed by a sound balance sheet, a long debt maturity and a high hedging rate

Gecina does not have any refinancing constraints over the next two years, as all of the installments due for the next two years have already been refinanced through long-term bond issues carried out mid-2021 and early 2022. In addition, the levels of available or undrawn liquidity (€3.9bn¹³) cover all of the debt repayments for the next four years.

Gecina's rate hedging policy stands out through its long maturity (7.8 years), making it possible to sustainably protect the average cost of Gecina's debt.

90% of current debt is hedged in 2022, with 75% on average over the next seven years.

The sensitivity of financial expenses to changes in interest rates is therefore limited. At end-December 2021, Gecina calculated, for illustration purposes, that over a full year, a +50bp increase in short-term interest rates (3-month Euribor) would result in a €7.5m increase in financial expenses. On the same date, a +100bp increase would result in an increase of +€12m, with this amount moderated through the activation of caps alongside the swaps.

Start of the year confirming Gecina's confidence for 2022

Gecina's robust operational performance levels since the start of the year and the good level of the Group's core commercial markets confirm, at this stage, the Group's confidence that it will be able to achieve its objective for growth in recurrent net income (Group share) per share.

Recurrent net income per share is expected to reach around **€5.50¹⁴** in 2022, up +3.3% on the reported basis for 2021.

¹³ Net of commercial paper

¹⁴ This target excludes potential acquisitions or sales that have not been secured to date, and could be revised up or down depending on changes in the scope that could be seen during the year.
